2018 CSA Application

Thank you for your interest in joining our Community Supporting Agriculture (CSA) program. This will be our first year offering CSAs, so please bear with us as we work to discover the best way to serve you.

CSA shares will run for 14 weeks during the growing season. They will last from July to August with the start date being determined when we can reasonably offer you a good selection of produce. You will be notified at least one week in advance as to when the CSA season will begin. Each share will consist of approximately \$20 worth of in-season produce. The total cost enrolling in our CSA program will be \$280 with a \$25 non-refundable due with this application. The rest (\$255) will be due by April 9, 2018. (This date will be subject to change in subsequent years.) There will be two days for pickup each week: Tuesday at the VA Farmers Market or Wednesday at the farm. If there is something that happens during the week that prevents you from making one of these pickups, we are more than willing to work with you in finding a better day for that week's pickup. By purchasing a share in our CSA program, you will receive a weekly email that will include what's going on on the farm, information on some of the produce in your share that week, and recipes; you will also be the first to receive produce as it becomes ripe. We will only be accepting a limited number of CSAs.

Name: _____
